

# La Grande Farmers Market

## Oregon Trail EBT Program Application

This application is for vendors who wish to accept food stamps for their product. Oregon Trail EBT card users will be able to purchase wooden tokens worth \$2 each at the information booth each market day. These tokens can be accepted at your stand like cash. At the end of each market, you will be reimbursed for the tokens you have received. **Do not give change** for these tokens as they are only good to purchase the items listed below. As with the FDNP coupons, you must sell the customer enough of your product to equal the \$2 value of the token.
