

Eastern Oregon Solar Fair Vendors & Organization

Vendors

Blue Mt Solar

This locally-owned company specializes in design and installation of solar electric systems. Company owners Kent Osterberg and Kay Frior have been serving clients in Eastern Oregon since 1993 and designing and installing photovoltaic systems since 1985. BMS supplies complete system documentation, a detailed estimate of electricity production, guarantee all work, and help clients with the paperwork required to qualify for tax credits. The equipment we install carries manufacturer warranties of at least 10 years, and up to 30 years for PV modules.

Sun Storage LLC

Based in Wallowa County, Sun Storage LLC is a recognized industry leader in solar photovoltaic frame and racking systems. We create complete solar solutions for utility, commercial, municipal and residential applications including grid-tied, off-grid, and specialty application options. The company provides versatile and popular pre-engineered ground-mount Building Integrated Photovoltaic (BIPV) systems, while servicing industry demands for roof-mount systems and racking components. Product lines stretch from the nimble 100-watt Mobile Solar Solutions (MSS) unit to multi-megawatt power plants.

Eastern Oregon Solar Fair Vendors & Organization

Organizations

Oregon Rural Action

Oregon Rural Action is a member-based non-profit organization with chapters in Union, Baker, Umatilla, and Malheur counties. ORA works to promote social justice, agricultural and economic sustainability, and stewardship of the region's land, air and water. We're bringing people together to build strong communities and working on a range of issues from renewable energy to meat processing in Eastern Oregon. Join us!

Union County Alternative Energy Committee

The Union County Alternative Energy Committee was formed after the installation of the Elkhorn Valley Wind Farm in Union County. The committee administers the Renewable Energy Fund Grant which awards seed money to encourage the development and use of renewable energy in Union County. The grant is for projects from wind, solar, thermal, biomass or other renewable energy sources.

Energy Trust of Oregon

Energy Trust of Oregon is an independent nonprofit organization dedicated to helping Oregonians benefit from saving energy and tapping renewable resources. Our services, cash incentives and solutions have helped customers of Portland General Electric, Pacific Power, NW Natural and Cascade Natural Gas save nearly \$600 million in energy costs. Our work helps keep energy costs as low as possible and builds a sustainable energy future. As a public purpose organization, we're committed to working for the greater good of all Oregonians.
